We strive to provide beautifully elegant wedding shoots with only the highest quality results. It is important that our clients/couples are happy with the results - after all it is your big day. We cover your whole day, from preparations/ dressing until reception. We prefer to have a meeting with the Bride and Groom before the wedding to discuss the various photographs/ moments and/ or possible shoots. It usually proves very helpful to get a feel for what specific couples want.

Although we mostly do wedding photography in Limpopo and surrounding areas, we also travel to other destinations when required.

### Other/ optional wedding services include:

- Engagement shoot (which includes a free BONUS web invite!)
- Wedding websites your family and friends can enjoy with you after the event
- Coffee table albums for parents
- Canvas prints
